Tomoe sent a confession letter to the first cousin that was his childhood friend and I turned it down.

While office worker Duntarou is on his way to his hometown for summer vacation, he reunites with his childhood friend, Ittetsu, with whom he hasn't spoken in fourteen years.

Inspired by the letters from the first cousin, Duntarou and Ittetsu enhance their bond as they start a relationship that they call a "though-thou love affair"...

This summer's encounters will heal the wounds that they've carried in their hearts without knowing it.

Hata Takashi's debut comic.

THE FOUNDATION OF THE
